Re: Tsuneo Imai and Sail Training Association Japan

Dear Tsuneo-san:

It has been a pleasure for Sail Training International and myself to have more regular communications with you as it relates to sail training in Japan.

You most certainly have our support in using the STI video "Stand Tall, Tall Ship Adventure" to help spread the word about sail training in Japan.

We heartily congratulate you and your colleagues in your efforts to revitalize sail training in Japan and more specifically for starting new activities at Sail Training Association Japan.

Good luck with your upcoming festivities.

Please keep us up to date on your efforts and progress. Know that you have our support and encouragement from the international community at Sail Training International.

Kind Regards,

Douglas Prothero  
Chairman
